

Based on Baltimore Transit Co. timetable leaflets 1945/1946.

Almost uniquely for USA urban street car (tramway) systems, for a time in the mid 1940's, Baltimore Transit Co. leaflet timetables included details of all stopping place for most routes. Some street car lines had been closed by 1945, and information is only available for lines still operating in 1945. *i.d.* stop in this direction only; *o.d.* stop in other direction only.

Cross checking with Baltimore street maps indicates there are some errors (e.g. stops in wrong sequence), these have been corrected where apparent.

LINE 1.

Greenmount Avenue & 25th Street
(along 25th St)
