## ENGLAND - WEST MIDLANDS

### **Stone Junction - Colwich Junction (67) CB03**

Trains between Stoke-on-Trent and Euston not shown to call at Stafford used the direct line

### **Little Bridgeford Junction - Heamies Bridge (65) CB03**

The Up and Down Fast lines and the Up Slow line follow their established route through Norton Bridge but the Down Slow line is segregated - via Searchlight Lane Junction - on a separate alignment to the west (there is no "junction" at Heamies Bridge where the Down Slow rejoins its old alignment). At Stafford, if the signal at the Down end of platforms 1, 3, 4 or 6 shows a "clear" aspect with route indication "S" (or platform 5 shows a "clear" aspect with no "feather") this indicates use of Down Slow line - a train running direct to Crewe would then use this route. Trains booked to use the Down Slow line were:

northbound Caledonian Sleepers (*except when diverted via East Coast route - see Camden Road Central Junction - Copenhagen Junction entry*)
